#### Designed exclusively for your Hosted Exchange mailboxes

Using award-winning technology, Advanced Security increases the power and functionality of the embedded Anti-Spam and Anti-Virus service, and adds secure message archiving for analysis, compliance and email recovery. With our Advanced Security you can look forward to:

- ✓ Available in your control panel
- ✓ 99.9% enterprise-class email filtering
- ✓ Secure archiving for up to 10 years
- ✓ Choose filtering alone, or plus archiving

- ✓ Enable on a per-mailbox basis
- ✓ Fully-hosted service
- $\checkmark$  No software to install or maintain

#### Increased protection

Advanced Security adds an additional layer of protection against spam and virus threats, ensuring that +99% of all spam is identified and removed before it reaches your Hosted Exchange mailbox.

Instead of being deleted, spam is quarantined for 14 days where you can inspect and re-send messages you wish to receive using the Advanced Security online interface.

Your most important business asset is data. Imagine if this was lost - what would happen? And how can this be prevented? With our Hosted File Backup you can look forward to automatic, 100% secure cloud based data back-up, without the need for unsightly and unreliable in-house servers.

- ✓ Backs up desktops & servers
- ✓ Suitable for any operating system
- ✓ Optimal security
- ✓ Guaranteed Data Protection

- ✓ Automatic reports, easy monitoring
- ✓ Easily restored
- ✓ No initial investment

### Secure your data

Our Hosted File Backup offers powerful authentication capabilities, ensuring that only authorised parties are able to access your data. Hosted File Backup uses excellent security techniques to ensure that backed-up data is 100% private and not accessible to anyone but you.

In today's business you need to be able to access files and documents from multiple locations - whether you're in the office, at home or working on the road, giving you business continuity and increasing efficiency. Our Hosted SharePoint is the solution for your business.

- $\checkmark$  Work from multiple locations
- $\checkmark$  Share files with clients
- ✓ Track work/versions
- ✓ Document FAQ's

- $\checkmark$  Allocate internal permissions
- ✓ Manage team discussions
- ✓ Collate feedback

#### Bring your business together

Our Hosted SharePoint makes it easier for people in business to work together by sharing information, managing projects and collaborating documents online utilising cloud technology.

Office 365 is a cloud-based service hosted by Microsoft that brings together familiar Microsoft Office desktop applications with business-class email, shared calendars, instant messaging (IM), video conferencing and file sharing.
